

HY-REFILL BOX

Hy-Refill BOX

MAIN FEATURES

The automated control system for charging metal hydride cartridges.
H2planet for long-term energy storage.

Select the maximum allowable refill pressure from Hy-PEM XP Rack or Home
directly from the Hy-Refill BOX MINI 2 and the restart pressure via the LCD display

Connect Hy-Refill BOX Mini 2 to your Hy-PEM XP Rack electrolyzer or the NEW Hy-PEM XP Home version.
Connect your bank of compatible MyH2® or MyH2® SLIM energy storage cartridges. The system will automatically and fully charge the cartridges by storing energy over the long term through hydrogen and not letting it but escape!
